

Thailand

Thailand is a regional centre for the manufacture and production of goods with a high-value such as electronics, high fashion products and seafood. Local government has invested heavily in building a platform to enable the development of sophisticated logistics services network throughout the country.

Logistics with Over Two Decades of History

With a comprehensive portfolio of infrastructure, facilities and services, Kerry Logistics (Thailand) offers a sophisticated logistics solution to our customers. Our services range from contract logistics, international freight to distribution and port-to-door or door-to-port services.

Creating Visibility throughout the Supply Chains

Our KerrierVISION is a proprietary online platform designed to enhance visibility, accessibility and connectivity by enabling prompt information flow between our customers and their supply chains. It provides a customer portal to our integrated logistics customers and international freight forwarding customers to track their inventory, freight, purchase order and delivery status.
