

Netherlands

The Netherlands has positioned itself as a leading distribution gateway to Europe where many shipping lines and airlines utilize the country's ports and airports in light of its close proximity and transport links to major markets such as Germany, UK, France and Scandinavia. The country has developed a state-of-the-art logistics infrastructure providing a range supply chain services to cater for high-value products ranging from flowers to electronics.

A Shortcut to China

Kerry Logistics (The Netherlands), as part of Western Europe region, offers comprehensive product suite of services.

Creating Visibility throughout the Supply Chains

Our KerrierVISION is a proprietary online platform designed to enhance visibility, accessibility and connectivity by enabling prompt information flow between our customers and their supply chains. It provides a customer portal to our integrated logistics customers and international freight forwarding customers to track their inventory, freight, purchase order and delivery status.
