The Wine Logistics Specialists

Taste the Full Bottle Experience
in Wine Logistics Management

Unrivalled Global Presence

When it comes to handling rare vintages and fine wines and spirits, delicate attention and expert care is paramount to ensure a safe and reliable delivery on every occasion. Kerry Logistics is perfectly suited for this job. With 30 years of experience in premium product logistics, we have built a global network to manage the flow of international wines around the world. Our team of experts is knowledgeable in the complexities of moving, storing and distributing fine wines.

ASIA SPECIALIST • CHINA FOCUS • GLOBAL NETWORK

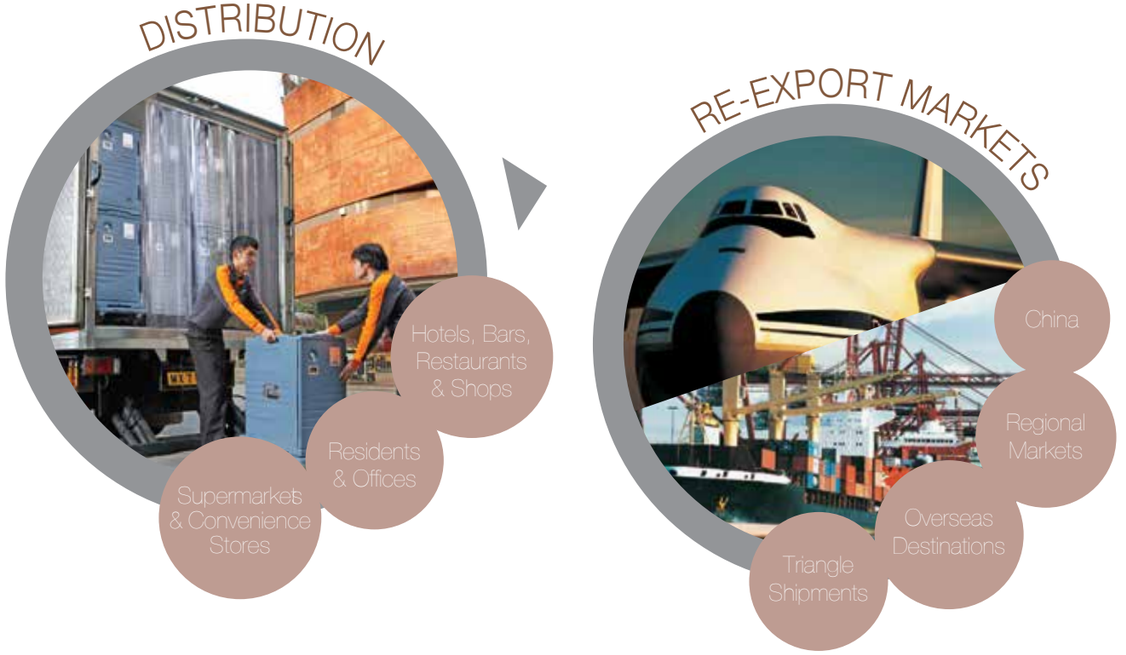
Kerry Logistics' Global Network

Kerry Logistics' global expertise is built on our proven track record from serving many reputable wine makers, merchants and distributors. Our bespoke logistics solutions ensure your wine is delivered to your customers with the utmost care.

Full-bodied Wine Logistics Solutions

There are many elements that constitute a bottle of wine. Its origin, the type of grape used, heritage, *terroir* and more. That's why, like a bottle of good vintage, we don't cut corners when it comes to delivering wine. We make sure you get the "full-bodied" experience.

Our team of wine logistics specialists has robust expertise and experience in serving many of the world's most prestigious wine and spirit merchants, connoisseurs, auctioneers and distributors. Our "full-bodied" solutions encompass freight forwarding, certified HKQAA fine wine storage facilities, distribution and extensive value-added services, allowing us to offer Five-Star solutions for your valuable wine collections.



Certified Fine Wine Cellar

We have the perfect storage facility to take care of your valuable fine wines.

- Our own private cellar of over 20,000 sq.ft in Hong Kong
- HKQAA Wine Storage Management Systems (WSMS) Certificate - Fine Wine
- World-class standard equipped with temperature control at +14°C (± 2°C) and humidity control at 65% to 75%
- Optimum cellarage conditions for fine wine storage
- Fully insulated from heat and direct sunlight
- Equipped with insulated airlock under cellar conditions to facilitate adjustment of temperature of wine prior to entering the cellar
- High-level security with restricted access via fingerprint recognition system and 24-hour recorded CCTV surveillance

International Freight Forwarding

You can trust us to collect and deliver your wines around the globe with speed and efficiency.

- A global network covering all major wine regions
- Bespoke solutions from air, sea, land, to multimodal, re-export and triangle shipments
- LCL reefer consolidation from key wine regions
- Pick-up services from winery at origin country, offering both ambient and air-conditioned temperature controlled solutions
- Re-packing and palletisation services at origin country for export
- Customs brokerage and comprehensive documentation handling
- Advanced freight management system with a web-based track and trace system

Extensive Local Distribution

We make sure your wines get to your customers without delay through our extensive local networks.

- An extensive distribution network covering bars, restaurants, hotels, supermarkets, retail outlets, private homes and offices
- A fleet of over 100 self-owned temperature-controlled vehicles within Hong Kong and the vast majority are equipped with live feed GPS tracking system
- HKQAA Wine Storage Management Systems (WSMS) Certificate - Transportation - Fine Wine
- Dedicated temperature-controlled vehicles for distribution of fine wines and spirits
- Properly packed and distributed in insulated cool boxes

Wide Array of Value-added Services

We add value to your wine products in the last mile of the supply chain before they reach your customers.

- Physical inspection and detailed inspection reporting
- Packing and re-packing
- Bespoke gift packaging for seasonal promotions
- Labelling and date printing
- Photo taking
- Level checking
- Auction preparation

Sophisticated Information Technology

Our proprietary IT platform KerrierVISION, is designed to meet the individual needs of each and every customer in the wine industry.

- Leading-edge expertise in logistics, supply chain technology and infrastructure
- Advanced Warehouse Management System (WMS) dedicated for cellar wine inventory
- Web-based ordering and visibility systems enabling online ordering, track and trace of wines anywhere and anytime
- Electronic Proof of Delivery (ePOD) provides instant delivery status to customers
- Strong system integration capability to support B2B e-commerce
